20.0844 **GET YOUR COMMERCIAL DRONE** LICENSE AND START MAKING MONEY! (IN PERSON)

Aerial Photography - Roofing Checks - Real Estate Video - Weddings -GoPro Stunts

Just think of all the money you could make if you flew commercially.... and without spending the big bucks getting a "real" commercial pilot license. The FAA now allows you to apply for your commercial drone/UAS (Unmanned Aerial Vehicles) license, called a Remote Pilot Certificate, by passing a multiple-choice test and paying a small fee. No experience needed.

If you're flying your drone for fun in your back yard, you do not need a license. If you wish to make money taking pictures, then you must have an FAA 14 CFR part 107 Remote Pilot Certificate.

This 8-hour Community Education course will help you prepare to take the Remote Pilot/FAA Test to receive certification. This course is classroom instruction only. There will not

be any drone flying.
