**English**

English Department Chair: Brad Saenz.

Phone: 710-3355. Office: FO 2200.

Faculty Advisor: Brad Saenz.

In keeping with AB 705, students who have graduated from a US High School within the last 10 years are eligible to enroll in English 101 automatically. The college makes the following recommendations based on high school GPA:

GPA greater than 2.6 -- English 101

GPA between 1.9 and 2.6 -- English 101 and are recommended to enroll in English 72, a support course

GPA less than 1.9 -- English 101 and are highly recommended to enroll in English 72, a support course

Students who are not able to provide enough information for automated placement, who have been away from high school for more than 10 years, or did not attend or graduate from a US high school or earn a GED or CA High School Proficiency certificate, may use the Guided Self-placement process. This will likely involve meeting with a counselor or other college officer to discuss topics such as the following in order for the student to place him/herself:

-Courses taken and grades received

-The transfer-level English and math courses offered at the student's home college, and which of them (if any) are required for the student's chosen major, general education plan, or transfer plan

-The support courses and services offered to students enrolled in transfer-level courses

-Students' rights under the AB 705 law

The Guided Self-placement process cannot require the student to take any exam or test, solve any problems, provide any writing samples, or review any sample questions, problems, or prompts.

## English As A Second Language

English Department Chair: Brad Saenz.

Phone: 710-3355. Office: FO 2200.

Faculty Advisor: Brad Saenz.

### ENGLISH PLACEMENT PROCESS FOR NON-NATIVE SPEAKERS OF ENGLISH.

Students who apply to the Los Angeles Community College District (LACCD) using CCCApply or have updated their placement information using the LACCD MMAP Web Form on their To-Do Checklist will be placed into tiers (groups) of courses in English. Those who choose to complete ESL placement will be placed into an ESL tier, as well. Each tier includes the transfer-level courses cleared for enrollment, as well as optional or required support courses intended to help students succeed in transfer-level coursework in that tier. These tiers will be combined to produce an "E" placement level (English plus ESL, if completed), which will be shown on the online Student Portal Assessment Page.

#### ENGLISH and ESL Placement Criteria

##### English as a Second Language (ESL)

Each LACCD college uses its own criteria for ESL placement. In most cases, these involve a combination of a placement exam score and the Multiple-Measures Assessment Project (MMAP) placement criteria, which place students based on their anticipated success rates using high school performance data (like grade point average). Note: ESL placement does not override English placement.

#### Guided Self-Placement

Students who are not able to provide enough information for automated placement, who have been away from high school for more than 10 years, or did not attend or graduate from a US high school or earn a GED or CA High School Proficiency certificate, may use the Guided Self-placement process. This will likely involve meeting with a counselor or other college officer to discuss topics such as the following in order for the student to place him/herself:

-Courses taken and grades received

-The transfer-level English and math courses offered at the student's home college, and which of them (if any) are required for the student's chosen major, general education plan, or transfer plan

-The support courses and services offered to students enrolled in transfer-level courses

-Students' rights under the AB 705 law

The Guided Self-placement process cannot require the student to take any exam or test, solve any problems, provide any writing samples, or review any sample questions, problems, or prompts.

## Mathematics

Mathematics Department Chair: Eddie Tchertchian.  
 Phone: (818) 710-2185. Office: MATH 1409-E.  
 Faculty Advisors: Eddie Tchertchian, Mitchell Pumar.

Information regarding special Math student success programs and pathways may be found at Math Success Program website.

Some sections require Internet access for homework.

Information regarding specific course needs may be found on the instructor's web page.

In keeping with AB 705, students who have graduated from a US High School within the last 10 years are eligible to enroll in transfer level math, specifically Math 227. However, students in STEM or business majors, may need a prerequisite course. The college makes the following recommendations based on high school GPA or high school course information:

GPA greater than or equal to 2.3 - Math 227

GPA less than 2.3 - Math 227. Students are highly recommended to enroll in Math 228A followed by Math 228B, a two-semester statistics sequence.

Students may enroll in the following depending on their grade in High School Intermediate Algebra or Integrated Math 3 (or equivalent or higher):

A grade of B or better - Math 215, 238, or 240

A grade less than a B - Math 134, a prerequisite course

Students who are not able to provide enough information for automated placement, who have been away from high school for more than 10 years, or did not attend or graduate from a US high school or earn a GED or CA High School Proficiency certificate, may use the Guided Self-placement process. This will likely involve meeting with a counselor or other college officer to discuss topics such as the following in order for the student to place him/herself:

-Courses taken and grades received

-The transfer-level English and math courses offered at the student's home college, and which of them (if any) are required for the student's chosen major, general education plan, or transfer plan

-The support courses and services offered to students enrolled in transfer-level courses

-Students' rights under the AB 705 law

The Guided Self-placement process cannot require the student to take any exam or test, solve any problems, provide any writing samples, or review any sample questions, problems, or prompts.

placement process. This will likely involve meeting with a counselor or other college officer to discuss topics such as the following in order for the student to place him/herself:

- Courses taken and grades received
- The transfer-level English and math courses offered at the student's home college, and which of them (if any) are required for the student's chosen major, general education plan, or transfer plan
- The support courses and services offered to students enrolled in transfer-level courses
- Students' rights under the AB 705 law

The Guided Self-placement process cannot require the student to take any exam or test, solve any problems, provide any writing samples, or review any sample questions, problems, or prompts.
