English

English Department Chair: Chris Corning.

Phone: 710-4102. Office: FO 2207.

E-mail: corninc@piercecollege.edu.

Faculty Advisor: Chris Corning.

Pierce College is in the process of transitioning its English classes to a new statewide subject code, ENGL. For the 2025-2026 academic year, some of our classes use the new code ENGL, while many other classes are still listed under the full name, "English." If you do not see your desired class listed in the search, please be sure to check both subject names, ENGL and English, to find the class you wish to add.

In keeping with AB 1705, students who have graduated from a US High School within the last 10 years are eligible to enroll in ENGL C1000 (formerly English 101) automatically. The college makes the following recommendations based on high school GPA:

GPA greater than 2.6 -- ENGL C1000

GPA between 1.9 and 2.6 -- ENGL C1000 and recommended enrollment in English 72, a support course

GPA less than 1.9 -- ENGL C1000 and required enrollment in English 72, a support course

Students who are not able to provide enough information for automated placement, who have been away from high school for more than 10 years, or who did not attend or graduate from a US high school or earn a GED or CA High School Proficiency certificate, may use the Guided Self-placement process. This will likely involve meeting with a counselor or other college officer to discuss topics such as the following in order for the student to make a well-informed decision:

-Courses taken and grades received

-The transfer-level English and math courses offered at the student's home college, and which of them (if any) are required for the student's chosen major, general education plan, or transfer plan

-The support courses and services offered to students enrolled in transfer-level courses

-Students' rights under the AB 1705 law

The Guided Self-placement process cannot require the student to take any exam or test, solve any problems, provide any writing samples, or review any sample questions, problems, or prompts.

For additional information, please contact the Welcome Center: www.lapc.edu/student-services/welcome-center.

ENGLISH 028-INTERMEDIATE READING AND COMPOSITION - 3 UNITS

If English coursework is required for a student's major, the student may enroll directly in the transfer-level course, ENGL C1000 (formerly English 101). Los Angeles Pierce College highly recommends that students use the program mapper and enroll in the identified English course. Students are encouraged to and can register for transfer-level courses. Pierce offers ample support for students in transfer-level English through tutoring, a concurrent support course (English 72), and more resources available through the English department.

Pre-transfer level English (English 28) is available only to students in certain student populations, including students who have not yet graduated from high school, and students with academic accommodations. If you wish to enroll in English 28, complete an interest form so the College can review and document eligibility - <https://forms.office.com/r/VnWRN0NZeg>.

English As A Second Language

English Department Chair: Chris Corning.

Phone: 710-4102. Office: FO 3105.

E-mail: corninc@piercecollege.edu.

Faculty Advisor: Brad Saenz.

ENGLISH PLACEMENT PROCESS FOR NON-NATIVE SPEAKERS OF ENGLISH.

Students who apply to the Los Angeles Community College District (LACCD) using CCCApply or have updated their placement information using the LACCD MMAP Web Form on their To-Do Checklist will be placed into tiers (groups) of courses in English. Those who choose to complete ESL placement will be placed into an ESL tier, as well. Each tier includes the transfer-level courses cleared for enrollment, as well as optional or required support courses intended to help students succeed in transfer-level coursework in that tier. These tiers will be combined to produce an "E" placement level (English plus ESL, if completed), which will be shown on the online Student Portal Assessment Page.

ENGLISH and ESL Placement Criteria

English as a Second Language (ESL)

Each LACCD college uses its own criteria for ESL placement. In most cases, these involve a combination of a placement exam score and the Multiple-Measures Assessment Project (MMAP) placement criteria, which place students based on their anticipated success rates using high school performance data (like grade point average). Note: ESL placement does not override English placement.

Guided Self-Placement

Students who are not able to provide enough information for automated placement, who have been away from high school for more than 10 years, or did not attend or graduate from a US high school or earn a GED or CA High School Proficiency certificate, may use the Guided Self-placement process. This will likely involve meeting with a counselor or other college officer to discuss topics such as the following in order for the student to place him/herself:

-Courses taken and grades received

-The transfer-level English and math courses offered at the student's home college, and which of them (if any) are required for the student's chosen major, general education plan, or transfer plan

-The support courses and services offered to students enrolled in transfer-level courses

-Students' rights under the AB 705 law

The Guided Self-placement process cannot require the student to take any exam or test, solve any problems, provide any writing samples, or review any sample questions, problems, or prompts.

Mathematics

Mathematics Department Chair: Eddie Tchertchian.

Phone: (818) 710-2185. Office: MATH 1409-E.

Faculty Advisors: Eddie Tchertchian, Mitchell Pumar.

Information regarding special Math student success programs and pathways may be found at Math Success Program website.

Some sections require Internet access for homework.

Information regarding specific course needs may be found on the instructor's web page.

In keeping with AB 705, students who have graduated from a US High School within the last 10 years are eligible to enroll in transfer level math, specifically STAT C1000. However, students in STEM or business majors, may need a prerequisite course. The college makes the following recommendations based on high school GPA or high school course information:

GPA greater than or equal to 2.3 - STAT C1000

GPA less than 2.3 - STAT C1000. Students are highly recommended to enroll in Math 228A followed by Math 228B, a two-semester statistics sequence.

Students may enroll in the following depending on their grade in High School Intermediate Algebra or Integrated Math 3 (or equivalent or higher):

A grade of B or better - Math 215, 238, or 240

A grade less than a B - Math 134, a prerequisite course

Students who are not able to provide enough information for automated placement, who have been away from high school for more than 10 years, or did not attend or graduate from a US high school or earn a GED or CA High School Proficiency certificate, may use the Guided Self-placement process. This will likely involve meeting with a counselor or other college officer to discuss topics such as the following in order for the student to place him/herself:

-Courses taken and grades received

-The transfer-level English and math courses offered at the student's home college, and which of them (if any) are required for the student's chosen major, general education plan, or transfer plan

-The support courses and services offered to students enrolled in transfer-level courses

-Students' rights under the AB 705 law

The Guided Self-placement process cannot require the student to take any exam or test, solve any problems, provide any writing samples, or review any sample questions, problems, or prompts.

MATH 134-ACCELERATED ELEMENTARY AND INTERMEDIATE ALGEBRA - 6 UNITS

Pre-transfer level English (English 28) and math (Math 75, 134, 228A) courses are available to students in certain student populations.

Complete the form to indicate interest in one of the pre-transfer classes so the College can review and document eligibility -

In keeping with AB 705, students who have graduated from a US High School within the last 10 years are eligible to enroll in Stat 101 automatically.

Students who are not able to provide enough information for automated placement, who have been away from high school for more than 10 years, or did not attend or graduate from a US high school or earn a GED or CA High School Proficiency certificate, may use the Guided Self-placement process. This will likely involve meeting with a counselor or other college officer to discuss topics such as the following in order for the student to place him/herself:

-Courses taken and grades received

-The transfer-level English and math courses offered at the student's home college, and which of them (if any) are required for the student's chosen major, general education plan, or transfer plan

-The support courses and services offered to students enrolled in transfer-level courses

-Students' rights under the AB 705 law

The Guided Self-placement process cannot require the student to take any exam or test, solve any problems, provide any writing samples, or review any sample questions, problems, or prompts.
